Our Goal and Vision is to support schools in developing countries by providing quality education and free medical care to underprivileged children, bringing hope and future. ***" If you spend yourselves on behalf of the hungry…your light will rise in the darkness." Isaiah 58:10***

December 2025 Newsletter

Dear friends of O.H.H.,

Thanksgiving and Christmas, a wonderful time to reflect on our blessings. I want to take a moment to express my heartfelt gratitude to each of you for your prayers and financial support for education of the children's supported by O.H.H. ***Your partnership means the world to us, and we truly couldn't do this without you.***

This year, we have the joy of celebrating our students and teachers for their incredible achievements in completing another school year. Thanks to O.H.H.'s funding, we've positively impacted the education of over 215 students across four different countries facing poverty. ***The gift of education is a light for their future.***

Educando La Vida in Guatemala graduated 9 middle school and 13 elementary students, all advancing to the next level of education ***(pictured)*.**

Golden City Chinese School in Thailand awarded 50 certifications to students who successfully completed their grades ***(pictured)***.

Despite the challenges of civil war, **the Hui Lin School in Myanmar** has grown to 23 students, providing education that many would otherwise not receive.

Both **Hui Lin School and Golden City Chinese School** partner with local churches to teach Biblical truths and support students with caring teachers.

Sadly, **Holy Spirit School in Lebanon** remains closed due to the ongoing impact of war between Hezbollah and Israel.

Remember **Milana in Educando *(pictured)*** from our March Newsletter, she was the girl who has seizures with a single mom that had no financial resource. Milana was given free medical care and free education from Educando. Praise to God, she just graduated from elementary school and will continue to middle school.

What sets our schools apart from others is our holistic approach, caring for students' bodies, minds, and souls. **Educando Para La Vida** offers not only school but also youth programs, and medical care for the students but also vocational training for mothers.

As we celebrate God's blessings in this season of Thanksgiving and Christmas, let us remember our teachers, students and their families.

Christmas - God send His son Jesus as the gift of hope to us. We in turn can give the gift of hope to others.

Please consider sending a gift of support and partner with O.H.H. to give these children a brighter future.

In His Service,

Kin Lock M.D.

Chairman O.H.H. Overseas Helping Hands

Ministry Updates and Prayer Needs

1. ***Eduardo de la Vida, Guatemala****: Pray for wisdom and preparation as the new school year begins in January, and for God's clear direction and provision to plan for a new campus and expanded programs.*

2. ***Hui Lin School, Myanmar****: Please pray for the continued safety of Teacher Ma Nar Phee and the students as they persevere in teaching amid the ongoing civil war.*

3. ***Holy Spirit School, Lebanon****: Pray for God's guidance for Principal Juliette as she seeks a suitable location to reopen the school for Syrian refugee children.*

4. ***Golden City Chinese School, Thailand****: Pray for provision and support as the*

   school cares for an increasing number of students in need, providing food, housing, and adult guidance.
